About Us

Q10 | Capital

Q10 Capital, LLC is a pioneer in the commercial real estate industry. Established in 2004, it is the first national firm to be owned by leading independent mortgage bankers across America.

Over the past 5 years, Q10 Capital has originated greater than \$20 billion worth of commercial real estate capital for all property types throughout the United States.

Instead of centralizing authority in the corporate headquarters, we keep strategic decision making at the local offices who, day-in and day-out, live and breathe the subtle nuances of the real estate communities they serve.

Q10 | KDH

Q10 KDH is a national partner of Q10 Capital LLC. Founded in 1945, KDH is the oldest, independently owned, commercial real estate capital company in the state of Texas. KDH's ownership position in Q10 Capital has created a national presence for the firm.

Our team of professionals are experts at structuring a variety of commercial real estate financing solutions including permanent and construction mortgages, min-perm loans, credit-tenant loans, joint ventures, bridge and equity.

The company is built around the belief that local expertise is the foundation of superior solutions for the commercial real estate financing goals of national, regional and local property owners and developers.

Since becoming a member of Q10 Capital LLC, KDH has been responsible for debt and equity transactions totaling more than \$6.1 billion.

“
Our producers bring expertise, experience and credibility to all of the company's relationships. Integrity is our driving value.
